

ALPHA DYNAMIC OILFIELD SERVICES AND GENERAL TRADING L.L.C.

DELIVERING SUSTAINABLE SOLUTIONS FOR A BETTER TOMORROW

COMPANY PROFILE

Who we are

Delivering societal and economic services to individuals and communities around the world who depend on vital energy, ADT as a solution provider extends unique products, technologies, and assistance that have the potential for both upstream and downstream. We furnish long-term value creation for communities around the planet with international mastery in oil, gas, power, water, private industrial operations, construction, and petrochemical enterprises. For over 8 years, we are a supplier of choice for our clients and our wide portfolio is the result of multiple years of teamwork between employees and our internationally reputed principal companies. We stimulate sustainable affiliation with external groups to bring in fast-paced, creative outcomes. With a prestige for advanced and inventive approaches to business, our oilfield products, and services firm remain to provide efficiently to our customers, while maximizing profit. Our industry leadership has ascertained itself as an integrated commercial, industrial, and service group positioning as one of the leading General trading business houses in the UAE. ADT resumes creating a promising position to satisfy the customers with quick delivery and excellent merchandise, thanks to our precise concept, strengthened values, and our people.

ADT, located in the heart of Abu Dhabi inspires enthusiasm and empowers change in all we do. We seek energy possibilities across the realm and have encountered rapid growth and prosperity, optimizing quality through our integrated business norm. One of the crucial aspects behind this incredible level of consistency and trustworthiness is delivering the latest technology of materials, commodities, and assistance. People are our strength and backers for expansion, riding our devotion to innovation to improve the outlook of energy sustainability.

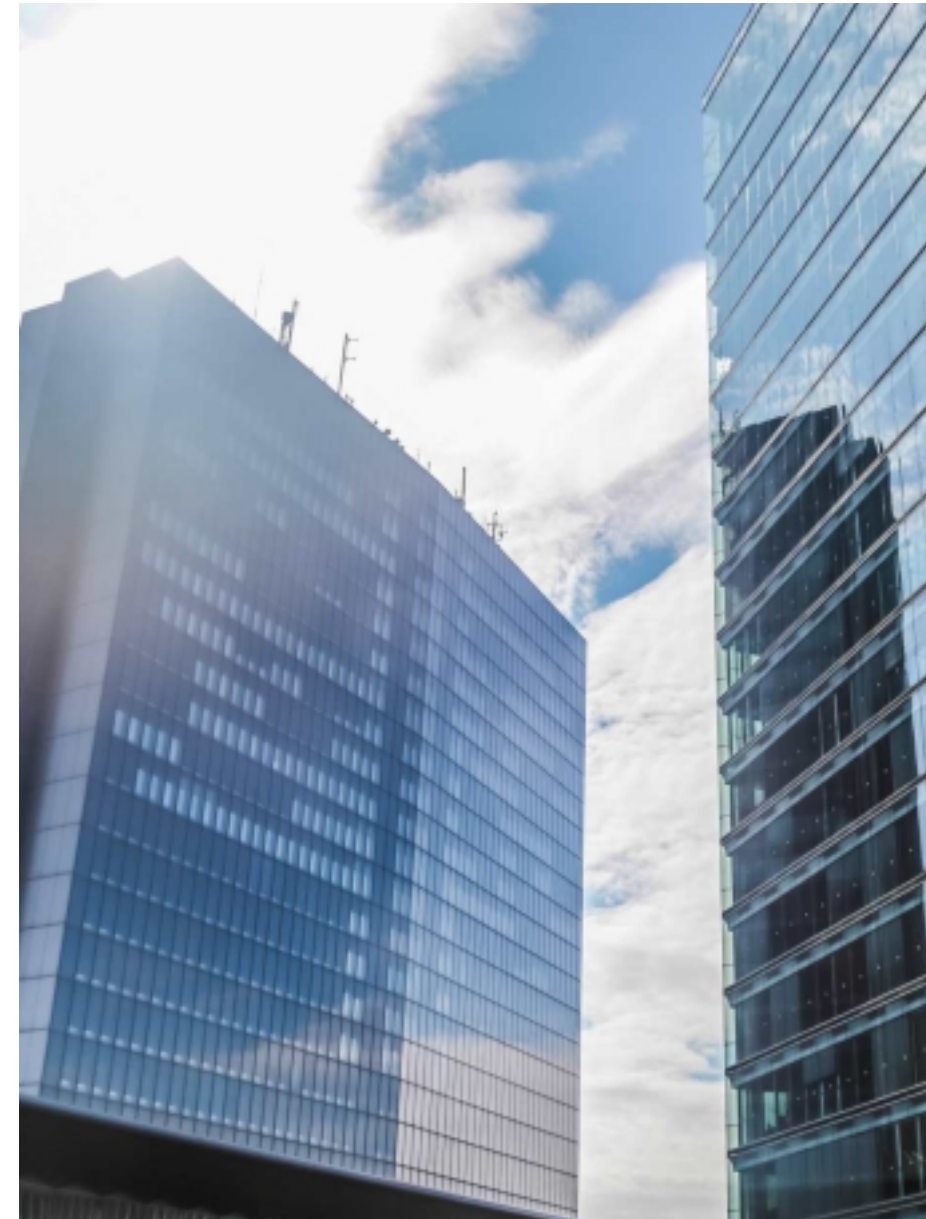

For communities around the world, ADT portrays many of the world's leading firms and continuously operates towards strengthening better resources for the benefit of customers, as our purpose is to deliver credible, accessible, and more sustainable energy. Our squad frequently monitors the levels of demand in both regional and international markets and then puts extensive supply plans to notify the production marks at each facility.

ABOUT THE COMPANY

With 8 years of expertise, ADT harnesses the power of science to redefine what's feasible. Our innovations have revolutionized energy with the purpose of resourcing and making accessible the regulation of high-quality latest technology of engineering products, materials, chemicals, and aids to the ever-growing onshore and offshore Oil and Gas, petrochemical enterprises, Hydro carbon Power/water divisions in the United Arab Emirates. The business is a pivotal support partner for ADNOC in the oil field and development and operates in full compliance with ISO 9001-2008 standards. We are delighted that our community and our industries are part of the fabric of the communities in which they operate and are currently full-fledged general trading houses with an emphasis on supply and service to different realms of the initiative.

We seize commitment to each other and our firm's future, recognizing that personal ownership directs to broader prosperity. The company was established 8 years ago to meet specific requirements for chemicals, engineering products, and crucial equipment tailored to the desires of large businesses in the hydrocarbon, power, and water sectors. Discerned internationally to satisfy the demands of the region's shortly growing oil, gas and energy sectors, ADT unrelentingly strives to deliver efficiently to our shareholders, our clients, our supporters, and our esteemed workers. We use state-of-the-art ZOHO CRM tools to optimize the value chain. Assigning virtue, loyalty, partnership, and self-discipline as vital components of our staff code of conduct accentuate our motive for the quality of staff we employ.

We compose transformative technologies to assist take energy ahead and the core strength at ADT Petroleum and Industrial Supplies is the modern technologies and treatments that ADT proposes for the power, oil, gas, and water sectors. Through business innovation, product composition, and assistance delivery, we have steered to fuel the business that powers the planet better and is being understood as a regional market leader looking to expand internationally. ADT is implicated in the procurement and the firm's engineering trade arm extends precision outputs such as heat exchangers, pressure Vessels, filtration systems, Valves, Line Pipes, Steel Structures' etc. We understand service above all because our unique objective is to move our customers' industry ahead. Our mission is to deliver customers worldwide expertise for local commodities and guarantee reliable quality in infrastructure and endeavors. This rides us to foresee our customers' necessities and function with them to provide the best products and assistance on time and within budget.

OUR MISSION

Our mission is to successfully deliver the oil and gas industry with the best value to deliver the safest and most productive benefits to exceed the level of customer satisfaction worldwide. We strive to make our company into the largest and most technologically advanced company in UAE. To earn customers' trust by delivering only high-quality items following their orders within the promised delivery window. We offer innovative, cost-effective, strategic, and effective technical and management solutions for all our clients. We help our clients source their required items at the best prices and shortest delivery times, regardless of whether they are in the Oil, Gas, Manufacturing, Power, Petrochemical, or Mining industries. Our client needs are met through our ability to combine technology, experience, and an abiding commitment to teamwork. Every step of the process is optimized by our team by combining human ingenuity and sophisticated technology.

- Focusing on customer satisfaction
- Entering to manufactural level
- Ensuring a sustainable energy future
- Focusing on green energy
- Innovative low-carbon practices and technologies

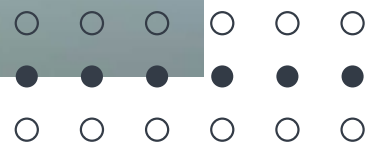

OUR VISION

Our vision is to provide excellence and evolve into a trusted organization in the oil field enterprise and continue to maintain its position as per the industry standards. We strive to achieve its corporate goals of being the market leader while practicing a strict environment-friendly policy. We shall strive for sustainability in all aspects of our business operations, including social and environmental considerations. Additionally, we hope to maximize the use of our resources. Our goal is to establish a presence in every commercial area. The ultimate objective is to become profitable and provide our investors with favorable returns. To engage in active participation and become the pre-eminent provider of products and services to the locally based economies in the middle-east in the near future.

- Drive technology and collaboration
- Address the global emissions challenge
- Strict environment-friendly policy
- Sustainable business operations
- Distribute equipment for several manufacturers

OUR VALUES

Our values guide our business to formulate the best decisions, and those are embedded in our culture as the spine of our industry code. Quality, performance, and trust reflect our sense of obligation and accountability in endorsing our responsibility to contribute to well-being. We are honest and straightforward, always doing the right thing with integrity. We are uncompromising in our commitment to customer satisfaction and the well-being of the communities we serve. We are proud to perform in the communities where we live, work, and play. We create products that challenge convention and continually find better ways to deliver on our mission.

- Customer Satisfaction
- Honesty
- Innovation
- Dynamism
- Flexibility

We bring the most progressive technology and pride ourselves in struggling hard to attain active rates and sharp time efficient navigation of the whole sales method for our clients.

OUR PRODUCT RANGE

- | | |
|--|--|
| 1. Chemicals | 21. Pressure Vessels |
| 2. Catalysts | 22. Refinery Miscellaneous Equipment |
| 3. Metals, Bars, Sheets | 23. Heat Exchangers |
| 4. Wire & Woven Wire Products (Except Electrical) | 24. Instruments |
| 5. Hose & Hose Fitting (Excluding: Marine & Fire Fighting) | 25. Boilers, Fired Heaters |
| 6. Piping & Tubing (Metallic) | 26. Steam And Gas Turbines |
| 7. Tube, Pipe & Heaters Fittings | 27. Compressors And Blowers |
| 8. Special Pipe Fitting & Accessories | 28. Pumps |
| 9. Valves | 29. Power Generators, Transformers, Rectifiers |
| 10. Special Valves | 30. Electric Motors, Starters Mcc & Contactors |
| 11. Gaskets & Packing | 31. Switch Gears, Circuit Breakers And Instruments |
| 12. Paints And Related Products | 32. Electric Cables And Accessories |
| 13. Insulation & Refractory Material | 33. Lighting Fixtures, Conduits & Fittings |
| 14. Industrial Air-Conditioning & Refrigeration | 34. Information Systems (Telecommunications) |
| 15. Fasteners | 35. Information Systems (Hardware, Software & Accessories) |
| 16. Bearing And Oil Seals | 36. Marine Equipment |
| 17. Mechanical Seals, Coupling And Gears | 37. Fire & Safety Equipment |
| 18. Welding Material, Equipment & Accessories | 38. Filling Stations Equipment |
| 19. Inspection & Cathodic Protection | 39. Specialized Lubes Plant Equipment |
| 20. Special Package Units | 40. Tank Accessories |

PRODUCT RANGE

We possess the mastery to satisfy all your fitting statutes as our devoted squad has formulated a deep understanding of the demands of the clients. ADT as a prominent Oilfield Products & Services Company delivers a range of products encompassing pipes, valves, instrumentation, fittings, and flanges. Throughout our history, we have been committed to consecutive advancement in all facets of our manufacturing system and customer assistance. Our on-time delivery and competitive pricing have brought us essential companions in the enterprise.

PIPES

ADT has used its know-how and experience in supplying -

- 1 Line Pipe
- 2 Shell & Tubes
- 3 Casing & Tubing
- 4 Concrete Pipes
- 5 Corrosion Coted Pipes

INSTRUMENTATION

ADT has used its know-how and experience in supplying -

- 1 Pressure Gauges
- 2 Pressure Indicators
- 3 Panels, Switches
- 4 Level Equipment's
- 5 Flow Meters
- 6 Analysers
- 7 Actuators
- 8 Temp Transmitters
- 9 Fire & Gas Detectors
- 10 Manifolds

VALVES

ADT has used its know-how and experience in supplying -

- 1 Ball Valve
- 2 Gate Valve
- 3 Globe Valve
- 4 Check Valve
- 5 Plug Valve
- 6 Butterfly Valve
- 7 Bolted Bonnet Valves
- 8 Pressure Seal Valves
- 9 Cryogenic Valves
- 10 Wafer Check Valve
- 11 Tri Union Valve

FITTINGS & FLANGES

ADT has used its know-how and experience in supplying -

- 1 Carbon Steel - Flanges & Fittings
- 2 Fittings
- 3 Stainless Steel - Flanges & Fittings
- 4 Fittings
- 5 Alloy - Flanges & Fittings
- 6 Titanium - Flanges & Fittings

CEMENT & STEEL PLANTS

ADT has used its know-how and experience in supplying -

- 1 Refractory Castable & Bricks
- 2 Refractory Anchors in SS310, SS304
- 3 Clunker Cooler Chain
- 4 Screw Conveyors
- 5 Belt Conveyor
- 6 Pulleys Idlers
- 7 Rollers
- 8 Butterfly Dampers
- 9 Packing bags - PP and Paper
- 10 Electrical Equipment's, Motor, Gearboxes
- 11 Fabrication requirements

ELECTRICAL EQUIPMENT

ADT has used its know-how and experience in supplying -

- 1 Transformers
- 2 Resistors
- 3 Cables
- 4 Cathodic Protection System
- 5 Ups Systems
- 6 Heat Tracing System
- 7 Generators

MARINE

ADT has used its know-how and experience in supplying -

- 1 Sacrificial Anode
- 2 Anodes
- 3 Bridge Bearings
- 4 Barge Bumpers System
- 5 Marine Fenders
- 6 Marine Bollards

MECHANICAL EQUIPMENT

ADT has used its know-how and experience in supplying -

- 1 Joints
- 2 Well Equipment
- 3 Hoses
- 4 Steamers
- 5 Gaskets
- 6 Cranes
- 7 Heaters
- 8 Strainers
- 9 Skids
- 10 Hoists
- 11 Spray Nozzles
- 12 Packages
- 13 Filters
- 14 Blowers
- 15 Bends
- 16 Boilers

FIRE & SAFETY EQUIPMENT

ADT has used its know-how and experience in supplying -

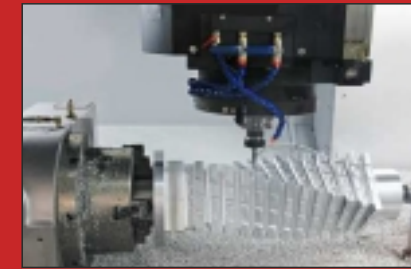

- 1 Breathing Air
- 2 PLC
- 3 Gaseous Fire Suppression
- 4 Public / General Alarm
- 5 ESD
- 6 Sprinklers
- 7 Mentor Intercom Systems
- 8 HVAC
- 19 Watermist
- 10 Process Control
- 11 Air Conditioning
- 12 Water Spray
- 13 RTP
- 14 Refrigeration
- 15 Gas Detection
- 16 DCS
- 17 Fire Extinguishers
- 18 SCADA
- 19 Foam

CHEMICALS

ADT has used its know-how and experience in supplying -

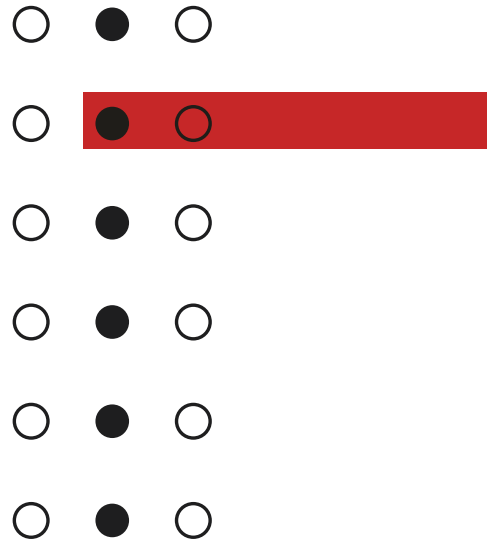

- 1 Mud Chemicals
- 2 Drilling & Stimulation Chemicals
- 3 Refinery Chemicals
- 4 Speciality Oils
- 5 Lubricants
- 6 Activated Carbon
- 7 Solvents
- 8 Amines
- 19 Catalysts
- 10 Additives
- 11 Molecular Sieves
- 12 MEG
- 13 TEG
- 14 Acids
- 15 Adsorbents

FABRICATION

ADT has used its know-how and experience in supplying -

- 1 Pressure Vessels
- 2 Columns & Towers
- 3 Heat Exchangers
- 4 Condensers
- 5 Log Cylinders
- 6 Demister Pad
- 7 Storage Tanks
- 8 Steel Plates
- 19 Steel Connectors
- 10 Cable Tray
- 11 Gas Scrubbers
- 12 Gasifiers
- 13 Slug Catchers
